“

My son gets so excited when he gets mail and then he realizes it's new books. We open them and read them as soon as they get in. He has struggled with reading and this makes him excited to read!

As a parent I enjoy having the activities about the books right at my fingertips to help them understand and comprehend the book. The children love ALL of the books that have been sent to them. They are all in their interest and encourage them to want to read more and to look forward for their next book in the mail!

”

- Iliana S.

To be eligible, kids must be VPK – 5th graders who are not yet meeting grade level expectations in reading in Florida VPK programs, public schools, and charter schools.
